System, Infrastructure and Interfacing

How does the control of Sonos Speakers work with free@home?

The Firmware update 2.1.4 enables the integration of the Sonos multiroom audio system into free@home. This allows the customer the control via the installed free@home switches and panels, as well as the integration in time programs and scenes.

For more information please check the Sonos Instruction Manual V2.1.4 19.09.2017
