

DALI

What is main difference between the DALI Gateways Basic DG/S 1.64.1.1 and DG/S 2.64.1.1?

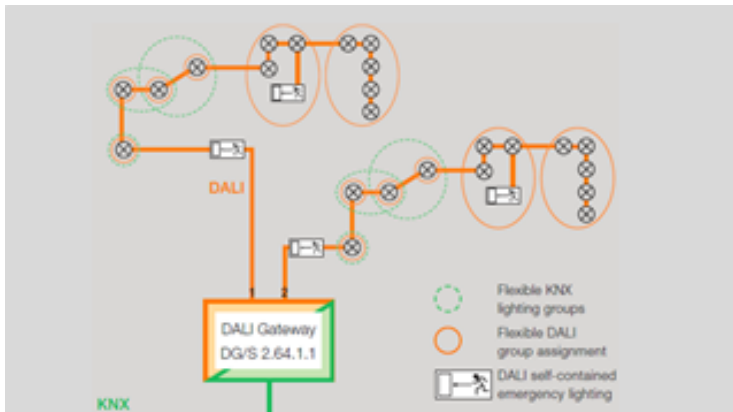

The DALI gateways differ in the number of DALI outputs.

DG/S 1.64.1.1 = 1 DALI output

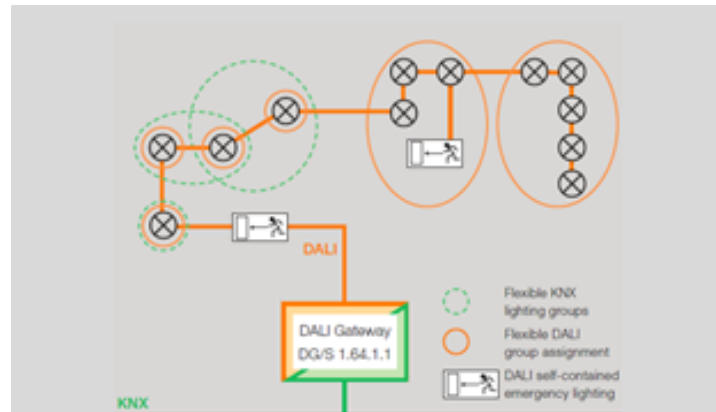

DG/S 2.64.1.1 = 2 DALI outputs

These are equivalent and have the same technical features and functions.

DG/S 2.64.1.1

DG/S 1.64.1.1

Unique solution ID: #1385
