

# Heating, Ventilation and Air Conditioning

## Which programming languages are supported by the BAC/S1.5.1?

All in the IEC 61131-3 standardized programming languages are supported: Ladder diagram (LD), graphicalFunction block diagram (FBD), graphicalStructured text (ST), textualInstruction list (IL), textualSequential function chart (SFC).

Additional to these IEC 61131-3 programming languages the BAC/S1.5.1 supports the Continuous Function Chart (CFC) programming language.

Unique solution ID: #1601
